

June 2024

Students,

As you move from 6th Grade Honors to 7th Grade Honors, you'll be required to cover two Chapters on your own in the 7th Grade text. Specifically, over the Summer, you will complete:

- Chapter 9 (Two-Dimensional Geometry)
- Chapter 9 Practice Test (Pages 303-304)

- Chapter 10 (Two-Dimensional Geometry and Measurement Applications)
- Chapter 10 Practice Test (Pages 337-338).

We will check these two tests when you return next school year before moving on to Chapters 11 and 12 in the text.

The majority of the 7th Grade year will be spent in the 8th Grade text before we move on to the Algebra 1 curriculum at year's end.

Please contact me at [radamsky@noolp.org](mailto:radamsky@noolp.org) if you have any issues or questions.

Have a safe and happy Summer!

MR. A.
