TUITION AND SCHOOL FEES COLLECTION

2026-2027

For 2026-2027, Nativity of Our Lord School will collect tuition and fees through FACTS, our tuition management company. FACTS provides various methods of payment that allow for the most flexibility for our families while saving steps and time for the staff involved in tuition management and enrollment. These fees are billed under the **Incidental Billing platform** in FACTS and will have their own billing due dates that *may not* coincide with your contracted tuition due date.

Below is a list of the current school fees that will be collected through the FACTS Incidental Billing system that will appear on your FACTS account in the months when they are due.

Please be aware that if your tuition is paid in full in July, you will still receive invoices for these fees in August and September and will be part of your total financial responsibility.

All CARES fees for before/after school care will also be billed using the Incidental Billing platform in FACTS.

You may register a credit card for automatic payment of Incidental Billing charges but it is not required. You may send payments for Incidental Billing invoices directly to FACTS if desired.

If you have questions about this topic, please feel free to contact Karen Gatta, School Finance Officer at kgatta@noolp.org.
